<b>Bell Industries</b>	)	<b>Mandatory Penalties</b>
<b>1960 East Grand Avenue</b>	)	
<b>Suite 560</b>	)	
<b>El Segundo, CA 90245</b>	)	

**YOU ARE HEREBY GIVEN NOTICE THAT:**

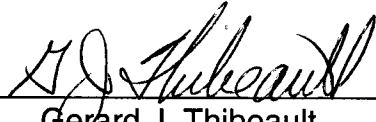

1. Bell Industries (Bell) is alleged to have violated provisions of law for which the California Regional Water Quality Control Board, Santa Ana Region (Board) must impose mandatory penalties pursuant to California Water Code (Water Code) Section 13385(h) and (i).
2. A hearing concerning this Complaint is scheduled for the Board's regular meeting on August 22, 2003. Bell or its representatives will have an opportunity to appear and be heard, and to contest the allegations in this complaint and the imposition of mandatory penalties by the Board. An agenda announcement and the staff report related to this Complaint will be mailed to you no less than 10 days prior to the hearing date.
3. If the hearing is necessary, the Board will consider whether to affirm, reject or modify the proposed mandatory penalty or whether to refer this matter to the Attorney General for recovery of judicial civil liability.
4. This complaint is based on the following facts:
  - a) Bell currently operates a groundwater treatment system at the site, which treats and discharges groundwater. On October 11, 1996, the Board adopted Waste Discharge Requirements, Order No. 96-18 (NPDES No. CAG918001), General Groundwater Cleanup Permit (Permit). The Permit regulates discharges of extracted and treated groundwater resulting from the cleanup of petroleum hydrocarbons and/or solvents within the Santa Ana Region by establishing effluent limits for a number of constituents, including methyl ethyl ketone (MEK) and total suspended solids (TSS).
  - b) On May 13, 1999, Bell was authorized to discharge treated groundwater resulting from the cleanup located at the former Bell facility at 1831 Ritchey Street in Santa Ana and was required to monitor the discharge in accordance with Monitoring and Reporting Program No. 96-18-135.

- c) Bell submitted a self-monitoring report, which indicates that four violations occurred between December 2001 and February 2002. According to this report, Bell discharged MEK at 35 micrograms per liter ( $\mu\text{g/l}$ ) on December 19, 2001. Furthermore, Bell discharged effluent with TSS concentrations at 97 milligrams per liter ( $\text{mg/l}$ ), 6,190  $\text{mg/l}$  and 293  $\text{mg/l}$  on January 2, 2002, January 7, 2002 and February 7, 2002, respectively. These concentrations exceed the effluent limitations for MEK (10  $\mu\text{g/l}$ ) and TSS (75  $\text{mg/l}$ ) specified under the waste discharge requirements, Order No 96-18. Furthermore, each of these exceedences is a serious violation as defined under Water Code Section 13385(h), with the exception of January 2, 2002 TSS violation, which did not exceed the established effluent limit by more than 40 percent (Group 1 Pollutant).
5. Water Code Section 13385(h) and (i) requires the Board to assess a mandatory minimum penalty of three thousand dollars (\$3,000) for each serious and/or other specific types of violations.
  6. In accordance with Water Code Section 13385(h), the mandatory minimum penalty for the three serious effluent violations cited in Section 4, above, is \$9,000.
  7. In addition, the Board may also assess administrative civil liability of \$10,000 per day for each day of violation and \$10 per gallon for each gallon discharged in excess of 1,000 gallons in accordance with Water Code Section 13385(c). The maximum administrative civil liability that may be imposed for these violations is \$62,660 (\$40,000 for four days of violation and \$22,660 based on  $3,266 - 1,000 = 2,266$  gallons @ \$10 per gallon).
  8. In assessing the penalty, the Board must consider the nature, circumstances, extent, and gravity of the violation, and with respect to the violator, the ability to pay, any prior history of violations, the degree of culpability, economic benefits or savings resulting from the violation, and other matters as justice may require. After consideration of the facts, the Executive Officer proposes that mandatory penalties of \$9,000 be imposed on Bell Industries, by the Board, for the violations cited above.
  9. You may waive your right to a hearing. If you wish to waive this right, please sign the attached waiver form and return it, along with a check for \$9,000 payable to the State Water Resources Control Board and the bottom portion of the invoice, to Sacramento in the enclosed envelope.

**MANDATORY PENALTIES COMPLAINT NO. R8-2003-0088**

Dear Mr. Troy:

We are enclosing a certified copy of Complaint No. R8-2003-0088, proposing a mandatory penalty of \$9,000. This complaint is issued pursuant to California Water Code Section 13385(h), for multiple violations of effluent limitations established in Waste Discharge Requirements, Order No. 96-18 (NPDES No. CAG918001). An invoice for this amount is also enclosed.

If necessary, consideration of this matter will be scheduled for the Board's meeting on August 22, 2003. The staff report regarding this complaint and a meeting agenda will be mailed to you no less than 10 days prior to the Board meeting.

You have the option to waive your right to a hearing. Should you decide to waive your right and pay the proposed assessment, the Regional Board will not hold a public hearing on this matter. If you choose to waive your right to a hearing, please sign the enclosed waiver form and submit the form with a check or money order for \$9,000. The waiver form, the bottom portion of the invoice and the check should be mailed to Sacramento using the enclosed envelope. All other correspondence regarding this complaint should be directed to the regional board office listed on this letterhead.

If you do not wish to waive your right to a hearing, a pre-hearing meeting with Board staff is recommended. Should you wish to schedule a pre-hearing meeting, please contact us prior to August 1, 2003. At that time, you may submit information that might not have been previously available to staff regarding this violation. This information should address the accuracy of the findings in the complaint.
